

7.E.1 Update on SWWDB WIA Local Plan (Part 2)
(Information)

At the last meeting, the Board approved the SWWDB WIA Local Plan (Part 2). Following Board approval the Plan was submitted to DWD and is currently under review by DWD staff. The public comment period required by DWD regulations has passed without any comments being received. DWD was supposed to complete an initial review of the WDA plans within three weeks of submission and identify any issues that required immediate correction. At this time, SWWDB has not received any type of indication from DWD that the SWWDB Plan needs revision. While SWWDB awaits DWD comments, staff is proceeding with negotiation of the Memorandums of Understanding (MOUs) with the Job Center partners and development of the required Business Plan.

Staff will share information regarding activities since the Plan was submitted and anticipated next steps. No action by the Board is required.
