To Whom It May Concern:

On June 8th, 2009, Seneca Foods Corporation entered into an agreement with Southwest Wisconsin Workforce Development Board (SWWDB) on providing 520 hours of on the job training for Ron Moat. It was agreed upon successful completion of the training and satisfactory work performance, that Seneca would retain the trainee as a regular employee.

To date, this contract has met the company's expectation in both Ron learning the job and gaining the skills necessary to carry out his daily responsibilities as a production/sanitation supervisor.

If a similar circumstance would arise with a job opening, Seneca would definitely be interested in interviewing candidates eligible for this type of assistance.

Sincerely,
