Danielle Thousand will share the SWWDB financial statements representing a draft of the financial condition of the organization through June 30, 2021. The following reports are submitted for review and consideration:

- Balance Sheet – [Enclosure 2](#)
- Statement of Operations – [Enclosure 3](#)

Additionally, SWWDB receives grants and contracts throughout the year that either increase or reduce the originally approved fiscal year budget. Budget modifications for the current program year are listed in [Enclosure 4](#).

Approval of the Program Year (PY) 2020-21 financial statements and budget modifications is requested.

4. Program Year 2021-22 Budget Modification

5. Board Member Applications – (Action)

None.

6. 2021 Monitoring – (Information)

The Department of Workforce Development (DWD) provided the results of the monitoring that was conducted in May. This report is provided in [Enclosure 5](#). Rhonda Suda will provide a status update regarding the resolution process.

7. Update to LEO Agreement

To comply with guidance provided by the Department of Workforce Development (DWD), the Chief Elected Officials Consortium Agreement ([Enclosure 6](#)) must be amended. Under Section 8, item 3, which

describes how disallowed/misspent costs are to be addressed, is out of compliance. DWD cannot make any determinations “as to respective liabilities.” Rhonda Suda will present options to address this required change and an amendment to the Chief Elected Officials Consortium Agreement. Possible options include:

- Equal distribution based on number of counties,
- Population based formula, and/or
- Expenditure rates per county.

Approval to amend the Chief Elected Officials Consortium Agreement as appropriate and allowed under Section 10 of the Agreement and Consortium By-Laws.

8. Leased Employee Program – (Information)

SWWDB has maintained a leased employee program for several years. The program has been primarily serving local county governmental entities and non-profits who are in need of limited-term employees. All employees placed through this program have access to all SWWDB benefits, which are determined by their full- or part-time status.

Danielle Thousand will provide an update on SWWDB’s leased employee program (**Handout 1**).

9. Adjournment

The next meeting of the Southwest Wisconsin Counties Consortium is tentatively scheduled for November 23, 2021.

The meeting of the Southwest Wisconsin Counties Consortium (SWCC) was called to order by Mr. Carter at 11:30 a.m.

1. Approval of Agenda

The meeting agenda of the May 25, 2021 SWCC meeting was reviewed by SWCC members. No corrections or changes were made.

Motion made by Mr. Podzilni, seconded by Mr. Brewer, to approve the May 25, 2021 SWCC meeting agenda. **Motion carried unanimously.**

2. Approval of Minutes

The meeting minutes of the February 23, 2021 SWCC meeting were distributed and reviewed by SWCC members.

Motion made by Mr. Brewer, seconded by Mr. Keeney, to approve the minutes of the Southwest Wisconsin Counties Consortium (SWCC) meeting held on February 23, 2021. **Motion carried unanimously.**

3. Program Year 2020-21 Financial Reports, Quarter 3

Ms. Thousand presented the financial statements to SWCC members. The draft financial statements include the Balance Sheet and Statement of Operations as of March 31, 2021.

The Balance Sheet is current through Quarter 3 (January 1 – March 31). The Balance Sheet shows that SWWDB is in a positive position. Revenues are exceeding expenditures by \$71,577.97. Ms. Thousand pointed out account 3220-Other Accruals. SWWDB had a situation where it had to pass through funding from its FoodShare Employment and Training (FSET) Third Party Program to the Department of Health Services (DHS). This account was the holding account for those funds. Ms. Thousand noted the

high fund balance and reassured SWCC members that Clare Bank has pledged to protect up to \$2 million for SWWDB.

Since SWWDB is through Quarter 3, the goal on the Statement of Operations is to be around 75% spent. The column labeled "Pct" is showing revenues around 68% and expenditures at 71%. Ms. Thousand indicated that some revenue will carry-over into the next program year. In regards to the COVID-19 pandemic and the budget, communication and equipment costs increased so staff could keep in touch with each other and be successful working from home. With that, travel and meeting expenses decreased.

Ms. Thousand presented the Budget Modifications to SWCC members. It shows changes to the budget since the last meeting. The funding at the top of the document are the items that have changed. Because the prisons have remained closed due to the pandemic, SWWDB does not anticipate spending all of the Department of Corrections (DOC) contract. Therefore, the contract was adjusted to what SWWDB administration projects to spend. With the approval of the Department of Workforce Development (DWD), SWWDB transferred funds from the Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker program to the Adult program. This allows greater flexibility and allows SWWDB to serve more Adult participants as most individuals qualify for the program. The Independent Living/Foster Care contract received COVID housing funds. The funds are for a targeted group of individuals who have to meet certain criteria. The funds specifically have to be used for housing. This program also received funds to provide direct stimulus payments of \$1,000 per month for six (6) months.

Mr. Carter asked what the stimulus amount is. Ms. Thousand said \$247,000. There were no other questions.

Motion made by Mr. Podzilni, seconded by Mr. Brewer, to approve the Program Year (PY) 2020-21 financial statements, including the Budget Modifications, for the period ending March 31, 2021 as presented. **Motion carried unanimously.**

4. Board Member Applications

None.

5. Program Year 2021-22 WIOA Title 1 Allocations

On May 12, 2021, the Department of Workforce Development (DWD) released the Program Year 2021-22 Workforce Innovation and Opportunity Act (WIOA) allocations to the local workforce development areas. The Southwest Workforce Development Area (WDA 11) is seeing an increase in all three (3) programs: Adult, Dislocated Worker and Youth. Ms. Suda noted that this is the first time in quite a while that the allocations increased.

Each local area's share is determined by unemployment, loss of farms, loss of businesses, etc. The labor market information also helps determine each local board's share. Ms. Suda went over Table 1 with SWCC members and noted that the percentages under SWWDB Funding should be positives, not negatives.

Table 1

Dislocated Worker	\$315,052	\$264,420	\$251,772	\$405,826	\$154,054	-4.80%

Mr. Carter asked where SWWDB administration is looking to expand services. Ms. Suda answered that SWWDB always has opportunities to work with youth. Unfortunately, COVID-19 has changed those opportunities. Of the WIOA Youth funds SWWDB receives, 20% is put towards work experiences. An increase in funding would allow SWWDB to do more for Youth and work experiences. Ms. Suda added that a Youth Outreach Coordinator will be hired to cover the Southwest counties. In the Dislocated Worker program, SWWDB administration has consistently seen the need for dislocated worker services decrease. However, there is a business in Muscoda closing and SWWDB will use its resources to assist this group. The Adult program is seeing a greater need than the Dislocated Worker program.

Motion made by Mr. Brewer, seconded by Mr. Keeney, to approve the Program Year 2021-22 WIOA Title 1 Allocations as indicated noting the only change to be the percent change under SWWDB Funding from a negative to positive. **Motion carried unanimously.**

6. **Program Year 2021-22 Organizational Budget**

SWCC members were presented with the organizational budget for Program Year (PY) 2021-22. Ms. Thousand reviewed the SWWDB Budget Summary with SWCC members. The document consists of three (3) major pieces: the Summary (an overview of all revenue and expense accounts), the PY 2021 Budget Expenses, and the PY 2021 Revenues Before Carryover.

Ms. Thousand went over the Budget Summary and explained what each column represents. Column 1- Approved Budget is the budget that was approved at the May 2020 SWCC meeting. Column 2-P/Y (Prior Year) Reserve Avail for Use is carry-over from grants that do not end when SWWDB's program year does. An example is the FoodShare Employment and Training (FSET) program whose operating year is October 1 through September 30. Column 3-Budget Changes includes modifications that are presented at every meeting. Column 4-Budget w/ Reserve combines the first three (3) columns. Column 5-YTD as of 3/31/21 ties to the financial statements that were presented earlier in the meeting. Column 6-

Projected as of 6/30/21 Modified Budget is used to project where SWWDB will be at the end of the year. Column 7-Planned Reserve is for reference only and includes carry-over from multiple year grants. Ms. Thousand stated that the SWWDB Finance Dept. operates using the accounting method FIFO (first in, first out). Old grants are used before new funds. Column 8-Proposed Budget includes new revenue SWWDB will receive in the new program year beginning July 1. Column 9-Projected vs Proposed is the difference between the "Projected as of 6/30/21" and "Proposed Budget" columns. Column 10-Percentage Change is the difference as a percent.

Ms. Thousand continued with the PY 2021 Budget Expenses. The column labeled "Annualized Exp" represents where SWWDB administration thinks the budget will be as of June 30, 2021. Ms. Thousand briefly went over some of the notes included on the expenses. Object Code 6100-Salaries includes a potential 5% wage increase for staff and the new Youth Outreach Coordinator position. Due to last year's unexpected increase in health insurance, SWWDB administration budgeted a double-digit increase in health insurance. Travel is expected to increase as the offices reopen so Object Code 6140-Travel was budgeted to increase.

Work on a custom programming project is currently underway. SWWDB's Payment Authorization System (PAS) has not been updated since it was first implemented many years ago and therefore needs to be reconstructed. It is a fairly substantial project and will be depreciated. PAS is the system used to track participant limits, issue vouchers, fund balances, etc. Three (3) quotes have been received. For the purposes of the budget, SWWDB administration budgeted \$100,000 for this project to be on the safe side. Mr. Brewer asked who is doing the programming. Ms. Thousand answered that a company has not been selected yet. SWWDB administration started the project by using labor market information to narrow down the list of companies that do custom programming jobs. Five (5) letters of intent were submitted and three (3) proposals have been received. SWWDB's IT consulting firm (Insight BTR) was asked to make sure PAS was safe to work with. SWWDB contracts with Insight BTR to make sure all of the Board's licenses are current and technology systems work in order for operations to continue daily. However, Insight BTR is not a programming firm. Insight BTR is familiar with PAS, but since they are not programmers this project moved to a Request for Quote (RFQ).

Ms. Thousand pointed out that Object Code 6709-Incentives includes stimulus payments for eligible participants in the Independent Living program. Object Code 6420-Audit will increase for PY 2021.

The PY 2021 Revenues Before Carryover describes each of SWWDB's funding sources, the value of admin and program funds, and notes on how SWWDB administration calculated those values. Ms. Suda thanked Ms. Thousand for her work on the budget and asked if there were any questions. Mr. Carter said the written notes help to explain why the numbers changed.

Motion made by Mr. Brewer, seconded by Mr. Podzilni, to accept the Program Year 2020-21 modified budget and accept the Program Year 2021-22 proposed organizational budget. **Motion carried unanimously.**

7. Request for Proposals – WIOA One-Stop Operator and Workforce Services Provider

Ms. Suda reviewed the Request for Proposals (RFP) process for the Workforce Innovation and Opportunity Act (WIOA) One-Stop Operator and Workforce Services Provider with SWCC members. The RFP was issued on February 17, 2021. Two (2) organizations submitted letters of intent to propose and both attended the Proposer's Conference: In The Door and Manpower.

The RFP was very detailed on how to respond and submit a proposal. This included deadlines and the types of files to submit. After the deadline for the submission of the letter of intent, CESA 3 contacted Ms. Suda and asked to submit a letter. Ms. Suda consulted with the Department of Workforce Development (DWD) who agreed that the letter should not be accepted as the RFP clearly established a deadline. Ms. Suda stated that CESA 3 was sent the RFP information along with a number of other organizations. CESA 3 understood and indicated they would look at funding opportunities with SWWDB in the future.

Proposals were received by SWWDB's Network Coordinator, Matt Riley, and kept in quarantine until the deadline of March 31. Proposals were publicly opened after the deadline. During the opening, SWWDB staff made sure proposers met the minimum requirements of the RFP. One thing SWWDB administration asked in the RFP was that proposers send the narrative in a Microsoft Word document and the budget in a Microsoft Excel document. This allows for easier comparison between proposals and numbers. In The Door submitted their proposal as one attachment that had all documents combined into a single PDF document. Ms. Suda reached out to DWD about this. SWWDB administration already excluded one (1) organization for not following the RFP requirements, so it should be done here as well. DWD supported SWWDB administration's reasoning behind In The Door's proposal exclusion. This left a single proposal from Manpower to review. Manpower's proposal was submitted in the requested formats.

After careful review, SWWDB administration is requesting approval to award the Program Year (PY) 2021-2022 WIOA One-Stop Operator and Workforce Services Provider contract to Manpower Government Solutions for an amount not to exceed \$450,000. The estimated funding amounts are not to exceed the following:

Type	Estimated Funding
One-Stop Operator	\$25,000
WIOA Adult	\$100,000
WIOA Dislocated Worker	\$50,000
WIOA Youth <i>Note: this amount includes funds for youth work experience</i>	\$200,000
WIOA DWG: Employment Recovery	\$52,500
WIOA DWG: Support to Communities	\$22,500

Motion made by Mr. Podzilni, seconded by Mr. Brewer, to approve awarding a contract to Manpower Government Solutions for the PY 2021-22 WIOA One-Stop Operator and Workforce Services Provider for the amounts indicated and not to exceed \$450,000. **Motion carried unanimously.**

8. **2021 Monitoring**

The Department of Workforce Development (DWD) conducted monitoring during the week of May 17. DWD staff monitored Workforce Innovation and Opportunity Act (WIOA) Civil Rights and Equal Opportunity, fiscal, and program activity from Program Year (PY) 2020-2021.

In the last year, SWWDB has had four (4) different Local Program Liaison's (LPL's) from DWD. LPL's are the local board's primary connection to DWD and assist in the monitoring each year. SWWDB's current

LPL is Tara Cowe-Spigai. Ms. Cowe-Spigai has indicated that she has possibly found approximately \$17,000 in questioned costs. The details of the errors have not been received yet. Payment of questioned costs is the responsibility of the WIOA service provider, Manpower, as indicated in their contract. Once the results are received, Manpower will have the opportunity to submit a response to SWWDB. SWWDB will review the response and also have an opportunity to respond to the errors. Ms. Suda explained that all of the documents reviewed during the monitoring were uploaded to DWD's SharePoint site so it is a possibility that a document was not scanned correctly. SWWDB administration will wait until DWD shares the results and then take next steps.

Ms. Suda reassured SWCC members that in the event the errors were attributed to one of SWWDB's policies, SWWDB would be responsible for payment to DWD, not the counties. This is another reason why SWWDB has reserves.

The results of the monitoring will be shared with SWCC members at the next meeting in August.

9. Save the Date: Virtual Governance Training – Part 2

Time did not permit discussion on this agenda item.

10. Job Center Reopening Plans

On Sunday, May 30, the work search waiver is being eliminated. Individuals receiving unemployment will be required to conduct four (4) work searches per week. Participating in workshops, submitting resumes, and having interviews are a few ways to meet this requirement. Because this waiver is ending, there has been a strong push to get comprehensive job center site resource rooms open to the public. The comprehensive job center in the Southwest Wisconsin Workforce Development Area is the Rock County Job Center. The new job center is currently being built across the street from the current site.

The Department of Workforce Development (DWD) wants to see job centers reopen July 6. The Rock County Job Center is currently open three (3) days per week by appointment only. Job Service has been working with Rock County (who owns the job center building) to open five (5) days per week by appointment only for around the same hours. During a recent meeting, DWD discovered that the Rock County Job Center is the only comprehensive job center site in the state not open to the public. Ms. Suda contacted Mr. Podzilni and Rock County Administrator, Josh Smith, to make them aware of this and what can be done. Mr. Smith is working on it. The Job Service team will be ready when the resource room reopens.

Mr. Meyers asked if anything is being done to train medical personnel as Iowa County is in dire need of healthcare workers. Ms. Suda responded that Wisconsin has a program that will pay students to get their CNA license. The Workforce Innovation and Opportunity Act (WIOA) programs, Independent Living grant, and FoodShare Employment and Training (FSET) program will pay for training, too. SWWDB has the resources to offset the costs of training, exams, transportation, rent, childcare, etc.

Mr. Meyers shared his concerns that nursing homes are battling with hospitals for staff because there is a workforce scarcity. Iowa County is battling Dane County for employees, as well as convenience stores and fast food chains as they are raising their wages. Mr. Carter added that Green County sees individuals traveling to Madison and Janesville to work. Ms. Suda said that SWWDB administration will pass along this information and help in any way possible.

11. Leased Employee Program

Ms. Thousand presented a summary of SWWDB's leased employee program to SWCC members. As of May 18, 2021, SWWDB has four (4) contracts – one (1) with Grant County, one (1) with Green County, and two (2) with Richland County.

SWCC members were asked about changing the format of the leased employee handout presented at meetings. Specifically, the employee's names would be removed. Mr. Carter stated that he looks at the department, not the employee's name. Ms. Thousand asked if the format is restructured if SWCC members want to see the detail by person. Mr. Carter responded that he would only want to see by department. Mr. Keeney agreed. Future reports will present the information by contract/department.

The leased employee information shared with SWCC members compares the first calendar quarter in 2019, 2020, and 2021. In 2019, there were 19 leased employees with a gross billing of \$125,360.90. In 2020, there were 36 employees with a gross billing of \$190,590.35. In 2021, there were 27 employees with a gross billing of \$210,743.04.

Ms. Thousand stated that pages two (2) and three (3) of the leased employee program handout will be by department in the future, not by person.

12. Adjournment

The next meeting is scheduled for Tuesday, August 24, 2021. Ms. Suda asked SWCC members if the meeting should be held via conference call, GoToMeeting, or in-person. Mr. Carter asked if SWWRPC's August meeting is in-person. Troy Maggied, SWWRPC's Executive Director, would like it to be in-person. If so, it may be held in Platteville. Mr. Podzilni travels the farthest from Rock County and is not part of the SWWRPC meeting. Ms. Suda said the format of the August meeting can be decided based on SWWRPC later this summer.

Motion made by Mr. Keeney, seconded by Mr. Meyers, to adjourn the meeting at 12:59 p.m. **Motion carried unanimously.**

Introduction

Section 184(a)(4) of the Workforce Innovation and Opportunity Act (WIOA) requires annual on-site monitoring of each local area within the state to ensure compliance with relevant federal regulations. DWD-DET takes a coordinated approach to monitoring that includes 24 objectives modeled after the United States Department of Labor Employment and Training Administration's (DOLETA) Core Monitoring Guide (August 2018), as well as a general review of program, fiscal, and data integrity.

The following terms utilized in this report were identified in the United States Department of Labor's (USDOL) "Ten Steps to Developing an Effective State Monitoring System":

Positive Practice: Used to highlight positive aspects of programs that may be shared with other WDBs to help improve their programs.

Area of Concern: Administrative or management practices that do not represent instances of non-compliance, but could become compliance problems in the future, if not addressed.

Finding: The identification of a specific Federal/State law, policy or procedure, or a local policy or procedure with which the WDB has failed to comply, that is serious enough to require corrective action.

Corrective Action: Step(s) that are necessary to address Findings or Areas of Concern. It is the Department of Workforce Development-Division of Employment and Training's (DWD-DET) expectation that the WDB will develop a corrective action plan, as appropriate.

Questioned Cost: A cost that is questioned by the auditor because of an audit finding: a) which resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; b) Where the costs, at the time of the audit, are not supported by adequate documentation; or c) Where the costs incurred appear unreasonable and do not reflect the actions a prudent person would take in the circumstances. (Note: an * in the Questioned Costs column in the Executive Summary indicates that there are still costs yet to be determined.)

Additionally, the following terms utilized in this report are defined by DWD-DET as follows:

Areas of Strength: An aspect of local area activities that is not necessarily innovative, but indicative of high quality WIOA execution, operationalization, and/or management.

Technical Assistance Needs: Compliance areas that the coordinated monitoring team has identified as new, and/or where additional training needs to be provided to the local workforce development board. If not corrected/addressed, non-compliance will be identified in during the following monitoring cycle.

Report Follow-Up

The WDB shall provide a response to this monitoring report that includes a corrective action plan addressing all required actions within 45 business days of the date this report is issued.

Upon receiving the monitoring response and plan, DWD-DET will issue a response either accepting the plan and closing the report or requesting any further action within 45 business days.

Consistent with [DWD-DET Policy 1.2](#) Areas of Concern and Findings that appear in two or more consecutive monitoring reports for the WDA may be elevated to include one or more of the following:

- Requirement of additional corrective actions
- Areas of Concern escalated to Findings
- Direct notification of specific issues provided to the Chief Elected Official for the WDA
- Implementation of more frequent monitoring of WDB activities by DWD-DET
- Mandatory DWD-DET provided technical assistance.

Detailed Report

I. Positive Practices

There are no Positive Practices identified in this report:

II. Areas of Strength

There are no Areas of Strength identified in this report.

1. Objective 1-A: Planning & Program Design

III. Technical Assistance Needs

There are three Technical Assistance Needs identified in this report:

1. Objective 1-B: Implementation – Participant Forms

Condition: The following issues were observed regarding certain intake forms, and the practices used in collection of individual intake data:

- Some files had uploaded drivers' licenses and Social Security cards, which were not marked "for administrative use only."
- Files have both photocopied drivers' licenses and Social Security cards and a completed Document Verification Form. The processes are duplicative.

Criteria: The following criteria apply:

- Eligibility to work in the United States is documented with one verification source from List A of the I-9 Form, or one verification source from List B of the I-9 Form and one verification source from List C of the I-9 Form (WIOA Title I-A & I-B Policy & Procedure Manual, Ch. 12.3.1, 12.4.1, and 12.5.1).
- The WIOA Title I-A & I-B Policy & Procedure Manual, Ch. 12.2.6 requires that documents that are used to verify eligibility that can be photocopied must be marked "for administrative use only."

Recommended Action: Review the forms and practices listed above and provide guidance to service providers on any updates to forms and practices.

2. Objective 1-K: Data Integrity – Data Sharing

Condition: One PIN had an email uploaded that contained a screen grab of the ASSET Services screen. This email was sent to the participant from the career planner.

Criteria: The data sharing agreement in effect at the time of this did not clearly specify "screen scraping of this nature, however, the Data Sharing Agreement between DWD and SWWDB, that was effective May 2021 states in Section V.A.2.d., "Screen-scraping or otherwise capturing DET Workforce Information for any purpose from on-line screens, including mainframe screens, is not permitted without prior approval of the DWD Data Steward." Future screen grabs of this nature could result in a finding.

Corrective Action: Review and correct the PIN-specific items identified in Attachment A. Train staff regarding Data Sharing agreements.

3. Objective 3-A: Civil Rights, Complaints, Grievances & Incident Reporting

Condition: WAVE evaluations conducted on SWWDB's websites identified ongoing accessibility issues for individuals with disabilities who use assistive technology to access website content. DWD-DET evaluation on 4.21.2020 revealed 0 critical errors but 16 contrast errors. As of 11.13.2020, SWWDB reduced the number of contrast errors to 8. As of the date of this report, those 8 contrast errors remain.

Criteria:

29 CFR 38.15(a)(5)(i)(ii) and (iii). WIOA-funded recipients and subrecipients must develop, procure, maintain, or use electronic and information technology, applications, or adaptations to ensure that the opportunities and benefits provided by the electronic and information technologies are provided to individuals with disabilities in an equally effective and equally integrated manner.

29 CFR 38.13(b) requires all WIOA Title I financially assisted programs and activities make their programs accessible.

Corrective Action: DWD-DET understands that SWWDB will re-design their website by 06.30.2021 to address the remaining website accessibility identified barriers. SWWDB must provide technical assistance to subrecipients to make their websites accessible in compliance with Section 508 or W3C's (WCAG) 2.00 AA.

IV. Areas of Concern

There are Four Areas of Concern identified in this report:

1. Objective 1-E: Participant Services – ASSET Data Entry

Condition: 19 of 21 PINs reviewed, or 90%, had at least one data entry error. Although the errors were varied, and no consistent trends were observed, several PINs were opened with planned close dates up to 2 years or more in the future, effectively serving as placeholders. This practice can cause participants to remain in active status incorrectly. Details can be found in Attachment A.

Criteria: ASSET is the designated management information system (MIS) and official system of record for customer reporting and data collection for the WIOA Title I Adult, Dislocated Worker, and Youth Programs, where all information required for federal reporting purposes must be completely and accurately documented (DWD-DET's WIOA Titles I-A and I-B Policy & Procedure Manual (DWD-DET WIOA Manual), Chapter 12.2.4). The accuracy and completeness of ASSET data entry is also critical for the purposes of resource planning, monitoring/evaluation, and state and local program management. TEGLs 7-18 and 23-19 provide the most current federal guidance on data validation and performance reporting requirements. Additional guidance on ASSET data entry requirements can be found in the ASSET Users' Guide, ASSET technical bulletin series, Chapter 11: Performance Accountability and Reporting of Wisconsin's WIOA Titles I-A and I-B Policy & Procedure Manual, and the WIOA PY 2018-2019 Title I Performance Technical Assistance Guide.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

2. Objective 1-E: Participant Services – Case Management

Condition: 8 of 21 files, or 38% of the file sample, had an identified weakness in overall case management. In three of the files, there was limited contact or large gaps in contact with the participant. In five of the files it appears that supportive services would have benefited the participant based on assessments or participant statements, but none were offered.

Criteria: 20 CFR 678.430 provides a description of basic WIOA Career Services, which include outreach, intake, and orientation to other services available through the one-stop delivery system, as well as the provision of referrals to partner programs. WIOA Sec. 2 states that one of the intents of the WIOA legislation is to "increase, for individuals in the United States, particularly those individuals with barriers to employment, access to and opportunities for the employment, education, training, and support services they need to succeed."

The June 2011 DOL Issue Brief titled Effective Case Management states, "Case management is an essential component of a customer centered workforce system." It additionally states that the following four components are essential to effective case management: "1. Direct customer service activities (assessment, career planning, coordination of supportive services, and job matching, placement, and follow-up); 2. Monitoring and documenting services and outcomes on a case-by-case basis; 3. Skilled case managers; and 4. Administration policies and practices and system infrastructures that support case managers and the case management function."

The WIOA Title I-A & I-B Policy & Procedure Manual, Ch. 8.6 clarifies supportive services delivery and documentation for Adults and Dislocated Workers, while Ch. 10.5 covers supportive service provisions for Youth.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

3. Objective 1-K: Data Integrity – Case File Documentation and Objective 3-A: Civil Rights, Complaints, Grievances, & Incident Reporting

Condition: 12 of 21 PINs, or 57% of the file sample, were missing documentation of services listed in ASSET or were inconsistent with reporting in ASSET, were missing dates or signatures, or had errors on uploaded documentation. Three of nine PINS, or 33% of the EO file sample were missing the Babel Notice.

Criteria: The accuracy and completeness of file documentation is critical for the purposes of federal reporting, resource planning, monitoring/evaluation, and state and local program management. The DWD-DET Guide to WIOA Title I-B Eligibility Determination and Documentation, WIOA Title I-B Adult and Dislocated Worker Programs Guide to Participant Case File Documentation, and WIOA Title I-B Youth Program Guide to Participant Case File Documentation and DWD-DET WIOA Manual, Chapter 12: File Documentation (which became effective on September 1, 2020, and has superseded previous guidance on this topic) were in effect at the time of this monitoring.

Income, particularly low-income status, is a federal reporting requirement that impacts negotiated levels of performance via the statistical adjustment model, impacts priority of service determinations for Adult program participants, and may impact eligibility determinations for Youth program participants. The DWD-DET WIOA Manual, Income Guidance provides guidance on the types of income to count when calculating income for determining priority of service for the Adult program, eligibility for the Youth program, and economic self-sufficiency. The DWD-DET WIOA Manual, Low-Income Guidance provides guidance on what is required for a person to be considered low-income.

29 CFR § 38.9 (g)(3) Recipients must include a Babel notice, indicating in the appropriate languages that language assistance is available in all communications of vital information and on information posted on websites.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Recipients are required to take reasonable steps to ensure that LEP individuals have meaningful access to their programs and activities. SWWDB must include the Babel notice in communications of vital information and on information posted on their websites. Participant files must show evidence that the Babel Notice was shared when communicating and sharing vital information. Submit a training plan to DWD-DWT with the response to this report to ensure SWWDB's career planners and staff are aware of this requirement. Note: Failure to include the Babel notice in the participant files may result in a finding in future monitoring.

4. Objective 3-A: Civil Rights, Complaints, Grievances, & Incident Reporting

DWD-DET reviewed documents for EO/CR Compliance and noticed the following:

Condition 1: Documents containing an outdated EO/CR Assurance include:

The Work Experience (WEX) agreement uploaded in SharePoint has a correct EO assurance, and it has a revision date of 2/19. The WEX agreements in three out of nine files reviewed appear to be a newer version, 8/19. DWD-DET did not see the EO assurance because only two out of nine pages were included and uploaded in ASSET.

Criteria: DWD Policy 5.2 Assurance Requirements and 29 CFR § 38.25 require specific written assurance language in contracts, agreements, or applications.

Corrective Action: SWWDB must submit the most recent version of the WEX agreement showing the updated assurance language. Train Career Planners to ensure that all pages of documents are properly uploaded into ASSET (including Babel Notices and all other required assurances).

Condition 2: Seven out of nine PINs had Complaint Grievance Procedure Acknowledgements that include obsolete contact information for the EO Officer. Participants signed these acknowledgments between 07/01/2020 and 04/07/2021. The uploaded procedure in Share Point includes up-to-date EO Officer contact information.

Criteria: 29 CFR § 38.29 (c) - Recipients' obligations regarding Equal Opportunity Officers.

Corrective Action: SWWDB must submit a revised version of the document, showing the updated EO Officer contact information.

Condition 3: DWD-DET found documents with compliant EO/CR taglines, but some document's EO/CR taglines do not include language assistance verbiage for individuals with LEP needs.

1. Grievance Information Form
2. Complaint Grievance Procedure Acknowledgement revised
3. Work Experience Internship Agreement (2/19)
4. WIOA Application
5. Rights and Responsibilities Document
6. Disability Form

Criteria: 29 CFR part 38.38(a); 29 CFR part 38.39; and 29 CFR part 38.40 contain guidance on developing EO taglines.

Corrective Action: Incorporate the offer of language assistance into the EO tagline and accessibility statement. Submit revised versions of the outlined documents showing the updated EO tagline.

Questioned Costs: None

V. Findings

There are 12 Findings identified in this report:

1. Objective 1-C: Products & Deliverables – Timely Submissions

Condition: Desk Review Survey items were not all uploaded to the SharePoint monitoring folder in a timely fashion. The Desk Review Tool had missing responses that were re-requested and not completed by the required deadline. As of the Monday that monitoring began, the Program/Governance and Fiscal submissions were complete but the EO was not.

Criteria: WIOA Section 185(c)(1) states that each local Board receiving funds under WIOA "shall make readily accessible such reports concerning its operations and expenditures as shall be prescribed by the Secretary." The 2020-21 monitoring cover letter, schedule, guides, and other materials were emailed to all local WDBs on 4/30/2020. The cover letter states that "All WDBs are required to complete the Desk Review Survey and upload the completed documents with any/all required attachments to the monitoring SharePoint at least 20 business days prior to their respective on-site monitoring date."

The WIOA Title I-A & Title I-B Policy & Procedure Manual, Ch. 1.4.11 states that any changes to the membership of the local WDB must be reported in writing to DWD-DET and provides seven items that must be included in that notification.

Corrective Action: SWWDB must provide timely responses to future DWD-DET requests for information.

Questioned Costs: None

2. Objective 1-E: Participant Services – Contact, Exit, and Follow-Up

Condition: 12 of 21 PINs, or 57%, had at least one issue with participant contact frequency, an exit date not based on the last date of actual service, and/or issues with contact frequency.

Criteria: The applicable standards are as follows:

1. **Contact:** SWWDB 2016-2020 Local Plan (Mod) states, "Contact shall be made monthly and documented in ASSET case notes. (Enclosure 4 – 5.3) Policy E-120-3 effective on 3/31/2020 states that Adult and Dislocated Work participants are to be contacted monthly and Youth bi-weekly.
2. **Exit:** 20 CFR § 677.150(c) provides the definition of "exit": the last date of service, determined when 90 days have elapsed since the participant last received services and when there are no plans to provide future services. It clarifies that services do not include self-service, information-only services, or follow-up services.
3. **Follow-Up:** DWD-DET's WIOA Manual, Section 10.5.3 (Descriptions of the 14 Youth Program Elements) states that all youth participants must be offered follow-up services for at least 12 months unless the youth declines them and that follow-up services must be reported in the "Manage Follow-ups" screen in ASSET. 20 CFR § 680.150(c) requires follow-up services to be made available for at least 12 months to participants to be placed in unsubsidized employment.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: None

3. Objective 1-E: Participant Services – Funding Supportive Services and Training

Condition: Five of 21 PINs, or 24%, lack documentation needed to support funding of training and/or supportive services.

Criteria: Documentation requirements for supportive services are described in DWD-DET's WIOA Manual, Section 10.4.1.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: Full amount is yet to be determined. Known questioned costs are \$4,416.00. See the PIN table for the specific costs questioned in each case.

4. Objective 1-E: Participant Services – IEP/ISS

Condition: Two of 21 PINs, or 10%, had an issue with the IEP or ISS, specifically they had IEPs that were not signed or attested to by the participant.

Criteria: 20 CFR 680.170 states that the Individual Employment Plan (IEP) for Adult and Dislocated Worker Programs is developed jointly by the participant and career planner, and is an ongoing strategy to identify employment goals, achievement objectives, and an appropriate combination of services for the participant to achieve the employment goals.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: None

5. Objective 1-E: Participant Services – Priority of Service

Condition: Four of seven Adult Program PINs, or 57%, did not have documentation indicating that the participant was notified of their priority of service.

Criteria: WIOA Title I-A & Title I-B Policy & Procedure Manual, Ch. 8.3.2.1 states, " Priority of service must be assessed at the time of eligibility determination, and participants must be informed if they are to receive priority."

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: None

6. Objective 1-E: Participant Services – Program Eligibility

Condition: Seven of 21 PINs, or 33%, lack file documentation demonstrating that the participants were eligible for their programs. Two are specific to Dislocated Worker eligibility, one is specific to Youth eligibility, and four do not have all required general eligibility documentation.

Criteria: The DWD-DET WIOA Manual, Section 8.2.1, sets forth the requirements for Adult program eligibility.

The DWD-DET WIOA Manual, Section 8.2.2, sets forth the requirements for Dislocated Worker program eligibility.

The DWD-DET WIOA Manual, Section 10.3, sets forth the requirements for Youth program eligibility.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: Full amount is yet to be determined. Known questioned costs are \$8,814.60. See the PIN table for the specific costs questioned in each case.

7. Objective 1-E: Participant Services – Youth Work Experience

Condition: Four of the seven Youth PINs, or 57% of the Youth sample, had issues with Youth work experience, including a lack of documentation supporting an academic component to the Work Experiences. Other issues observed include a lack of monitoring of the Work Experience and the Work Experience not supporting the participant's career goal.

Criteria: 20 CFR §681.600 requires that every youth work experience must include both academic and occupational education components (WIOA Title I-A & Title I-B Policy & Procedure Manual, Ch. 10.5.3). The academic and occupational education must be designed to provide participants with contextual learning that may occur concurrently or sequentially with the work experience and may occur inside or outside the worksite. Both the academic and occupational education components of a work experience must relate to the same specific job or occupational area. The work experience must be tied to the goals identified in an ISS.

The WIOA Title I-A & I-B Policy & Procedure Manual, Ch. 12.6, provides additional guidance for ensuring that WIOA-funded work experiences are valuable and meaningful for the participant and the worksite while ensuring compliance with WIOA and related federal and state guidance.

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: Full amount is yet to be determined. Known questioned costs are \$6,868.67. See the PIN table for the specific costs questioned in each case.

8. Objective 1-G: Performance Management – Primary Indicators of Performance

Condition: Seven of 21 PINs, or 33%, had issues related to recording performance related information. This included participants who attained credentials that were not entered into ASSET, participants who had a Measurable Skill Gain (MSG) entered that may not have been earned, MSGs that were entered incorrectly, dates entered incorrectly for training, or supplemental data not collected/reported in ASSET.

Criteria: Sec. 116 of WIOA and 20 CFR § 677.155 require each core program to be assessed on the primary indicators of performance, including the Credential Attainment Rate and Measurable Skill Gain measures. 20 CFR § 677.205 indicates that each local area in a state is subject to the same primary indicators of performance for the core programs that apply to the State. States are subject to financial sanctions if they fail to meet adjusted levels of performance for the primary indicators of performance (20 CFR § 677.180). The WIOA Performance Technical Assistance Guide (pp. 57-92) provides instructions on how to properly enter a Credential or Measurable Skills Gain into ASSET. "At a minimum, WDBs must update participant information monthly to ensure monthly dashboards reflect accurate information (DWD-DET WIOA Manual, Section 11.14)."

Corrective Action: Review and correct the PIN-specific items in Attachment A.

Questioned Costs: None

9. Objective 1-G: Performance Management – Participation

Condition: Nine of 21 PINs, or 43%, appeared to have an incorrect participation date. Four were Youth, three were Dislocated Worker, and two were Adult PINs. Issues include assessments being given prior to the completion of eligibility determination and incorrect ASSET service dates that impacted the participation date.

Criteria: DWD-DET's WIOA Title I-A & I-B Policy & Procedure Manual, Chapter 10.4.1: Youth Enrollment Process Overview addresses the steps to Youth participation. TEGL 21-16 states that "the WIOA youth program design requires an objective assessment of academic levels, skill levels, and service needs of each participant, which includes a review of basic skills, occupational skills, prior work experience, employability, interests, aptitudes, supportive service needs, and developmental needs" (pg. 7).

TEGL 10-16, Attachment 7 – Table A: Participant Level Services Chart WIOA Title I Adult, Title I Dislocated Worker, and Title III Employment Service Programs identifies both "Initial assessment of skill levels & supportive service needs" and "Comprehensive and specialized assessments" as participation-causing services.

Corrective Action: Review and correct the PIN-specific items identified in Attachment A.

Questioned Costs: Full amount is yet to be determined. Known questioned costs are \$2,704. See the PIN table for the specific costs questioned in each case.

10. Objective 1-K: Data Integrity – Case Notes

Condition: Three of 21 PINs, or 14%, had case notes entered more than ten days after the events they documented, one of which also had notes that were not sufficient to allow a reader to understand or evaluate service provision.

Criteria: The accuracy and completeness of file documentation and ASSET data entry is critical for the purposes of federal reporting, resource planning, monitoring/evaluation, and state and local program management. DWD-DET WIOA Manual, Section 12.2.5 states, "Effective case notes are objective, detailed, accurate, and timely. DWD-DET defines the timely entry of case notes as occurring within 10 calendar days from the date of the interaction being documented."

Corrective Action: Review and correct the PIN-specific items identified in Attachment A.

Questioned Costs: None

11. Objective 1-K: Data Integrity – ESS Calculations

Condition: Eight of fourteen PINs, or 57%, had ESS calculations that were either completed more than 30 days after eligibility determination or were not acknowledged by the participant.

Criteria: DWD-DET WIOA Manual, Section 8.4.3.4, effective 10/24/19, requires an ESS calculation to be run within 30 days of the close of the Eligibility Determination service.

Corrective Action: Review and correct the PIN-specific items identified in Attachment A.

Questioned Costs: \$3,040.00

12. Objective 3-A: Civil Rights, Complaints, Grievances, & Incident Reporting

Condition:

Issue1: DWD-DET found three case notes disclosing medical and disability information.

PIN # 1: 2434923; Note ID: 5745505 and 5769881

PIN # 2: 456961; Note ID: 5726184 and 5797730

PIN # 3: 2440400; Note ID: 5728319

Issue 2: The following documents contain medical and disability information, were uploaded in ASSET, and were not marked as confidential:

1. ASSET Printouts, (6/9).
2. Career Roadmap, (1/9).
3. Individual checklist. The form asks if the individual is hospitalized or institutionalized for medical reasons and whether he is handicapped physically or mentally (1/9).
4. Youth Barrier Verification for WIOA Service, (5/9).

Criteria: WIOA Title I-A & I-B Policy & Procedure Manual Chapter 12 File Documentation and 29 CFR § 38.41 - Collection and maintenance of equal opportunity data and other information requires that any medical or disability-related information obtained about a particular individual, including information that could lead to the disclosure of a disability, be collected on separate forms. Whether in hard copy, electronic, or both, such information must be maintained in one or more separate files, apart from any other information about the individual, and treated as confidential. These files, whether in hard copy or electronically maintained, must be locked or otherwise secured. DWD Policy 5.7 Collection and Maintenance of Medical and Disability-Related Information further details medical and disability information storage.

Corrective Action: Review all PINs of WIOA participants served on or after July 1, 2020 (DWD-DET will provide a WEBI report with a list of PINs to check). In ASSET, mark as confidential uploaded documents that contain disability and medical information. Develop or modify policies and procedures for staff to follow in collecting and maintaining disability and medical information.

Attachment A: PIN-Specific Checklist of Corrective Actions

This section contains an itemized checklist of Corrective Actions identified during file review separated by ASSET PIN for ease of use while making corrections.

PIN	F/AC #	Condition	Questioned Costs	Corrective Action
456961	AC3	No Babel Notice was seen in this file.		Provide the Babel Notice to the participant and add to the participant file.
585471	AC1	The Open date of the Initial Assessment service is incorrect. It should match the earliest date on any of the assessments, which is the 6/30/20 date on the Xyte.		Change the Actual Open Date of the Initial Assessment service to 6/30/20
585471	AC1	Several services appear to have incorrect dates: (1) The IEP Review service has an Actual Close Date of 9/22/20. It should be 9/23/30, which is the date the IEP was signed. The service is not complete until the IEP is signed by both parties. (2) Development of a Job Search Plan was opened from 7/10/20 – 2/10/21. Case notes indicate that this service was provided only on 2/10/21. (3) Career Planning open from 7/10/20 – 10/12/20. There is no indication in the case notes that this service was provided after 9/21/20. (4) The Occupational Classroom service must have an Actual Close Date matching the end of class unless an exam/test period is part of a regular semester. This does not appear to be the situation in this case.		(1) Change the Actual Close Date of the IEP Review service to 9/23/20. (2) Change the Actual Open Date of Development of a Job Search Plan to 2/10/21. (3) Change the Actual Close Date of Career Planning to 9/21/20. (4) Change the Actual Close Date for the Occupational Classroom service to 10/16/20, which is the end date of the training.

585471	AC2	The career planner did not try to contact the participant once/month, which means that opportunities to help her study for her exam and to help her find a job in her field were lost. Because the career planner and participant were not in contact, services should have been closed on 10/16 when training ended and participant should have exited in January '21.		Because a service was provided in February 2021, no action is needed.
585471	F2	Per case notes, no contact was attempted or made with participant between 9/23/20 and 2/4/21. The service provider contract requires contact at least once/month.		No action is needed.

Her dislocation wage was just under \$7000/month.	\$3,994.00	Provide evidence that the participant was in need of training to obtain a job providing self-sufficient wages. If this cannot be supported, provide a complete accounting of the funds spent on training this participant, transfer them to a non-WIOA source, and submit a copy of the GL with the response to this report.
585471	F4	The IEP created on 9/23/20 was not signed or acknowledged by the participant.		Exited file. No action required.

If it was not provided, remove service.
1775569	AC1	Certificate in file dated 12/14/2020 indicates participant had some sort of Financial Literacy training, but case note indicates this workshop occurred on 3/3/2021. No Financial Literacy service entered into ASSET. Unclear whether this meets the program element definition.		Review program element definition to determine if service was provided. If it was provided, enter ASSET service.
1775569	AC1	ASSET Supportive Service open date should be 3/12/2021 and close date should be 4/2/2021 based on file documentation. Service is being held open.		Correct ASSET entry.

Supportive services such as housing, utilities, car registration, etc. were not discussed although the client made the need for them clear. Supportive services possibly could have provided enough help to allow the client to complete a short CDL course. Ultimately instead of using FSET or WIOA resources, the client took another job while still planning to attend CDL school when he could better afford the time not working.</p>		<p>Based on the file, the client may return to the program.
